Dear CIS Parents, Guardians and Students:

The 2009 calendar year is drawing to a close. CIS has had several changes. Here are just a few:

- Staff changes and additions at the boarding, classroom and administration levels
- Focus on academic rigour for all students
- Uninterrupted Literacy Blocks and Numeracy Blocks in Early Years and Elementary
- Expansion of courses offered at the IGCSE and IB levels
- Wi Fi in the Secondary Library
- RenWeb launched for improved parental communication
- Increased Extra and Co Curricular activities
- Increased Hosting and participation in inter school tournaments and activities, sporting and otherwise
- School Policies reviewed and updated

Although the staff and students have been actively focused on our school responsibilities, you have also been involved with the many school related events. School Performances, special days, Student Led/Parent Conference Days, and volunteering have made our connection stronger. The SCA has supported or organized activities planned by the school. Your attendance, support and enthusiasm are greatly appreciated.

Parental Survey Results

This is the second year that CIS has used an on-line survey completed by parents for our planning. Thank you to everyone who found the time to respond. There were 114 family responses recorded. In comparison to last year's results improved ratings were in school communication, educational excursions, student support services and setting high expectations for students. Continuing to be a concern is behaviour management and food in the cafeteria. The Advisory Council and Board of Directors will be reviewing all results and give directions to the school for positive changes to our Action Plan.

Best Wishes

On behalf of the CIS community, I extend best wishes to Shweta Sastri, Executive Director, for her upcoming wedding on December 13th.

To our CIS Community, have a safe and happy holiday. Enjoy special times with your family and making new memories that will last a life time.

Yours in Education

Lynda Gigg
